

"Doing Small things with Great Love is Womanhood"

Ambitious, beautiful, compassionate or dedicated...the whole set of alphabets is not enough to describe a woman: she is indeed the universe for her family. She is the one who even do small things with great love. With this note there is only one line which comes in my mind....

Happy Women's Day

High 5

Fitness Mantra: Walk for Life

De-stressing Mantra: Take short trips with family & friends.

Shops on: Online portals

Favorite holiday destination: Goa

5 things cannot live without: Family, friends, my house, money, mobile

Shikha Bhatt, Newgen Software

ANUSHRUTI SINGH
anushrutis@cybermedia.co.in

IT is the field where men are prominent, but women are not taking back seat. One of the fair faces in the field of IT is Shikha Bhatt. Off the beaten track of what would her family may have wanted; she chose IT field to make her career. She is presently working with Newgen Software as Assistant Vice President in Solution Delivery Group. She has also been recognized as Newgen EMERGE Leader in 2011. Apart from that she is known for playing important role in defining Business Processes automation for Banking domain, Insurance Domain, Manufacturing firms, Health care, and Rating Agencies and Mobility solutions with highly integrated build services with Customer's CORE system in the company.

"It's been more than a decade now in Newgen. This company has provided me with the environment where I am able to balance my professional and family commitments."

Shikha Bhatt shares some of the aspects of her life with us....let us know more about her.

FAMILY BACKGROUND

Born and brought up in Jodhpur. My father was a doctor (Retd. CMO in Railways). My mother was a housewife. I am married to an IT professional. I have one daughter who is studying in class IX.

EDUCATIONAL BACKGROUND

I am a Graduate in Computer Science and done my Masters in Computer Application from MBM Engineering College, Jodhpur in 1998.

FASCINATION FOR IT FIELD

My family was from Medical background. I wanted to do something different. Computer science was an emerging field in those days and created an excitement as it allowed an opportunity to innovate many new things

PRINCIPLE IN LIFE

Do what you love to do in your Life. Don't quit easily. Fight and struggle to achieve the goals set for yourself.

MOTTO FOR SUCCESS AT WORKPLACE

Quality, Ownership & timeliness, First time Right

STRATEGIES WITH WOMEN CAN ACHIEVE A MORE PROMINENT ROLE IN ORGANIZATIONS

Strength of woman is that she is more interactive, corporative and highly efficient in handling multiple activities in parallel, higher degree of commitment to meet the goals. These are the tools that can enable woman to move to prominent role in the organisation.

ONE LEADERSHIP LESSON LEARNT

Don't jump to conclusion fast. Learn from mistakes and proceed ahead.

THOUGHT FOR DIFFICULT TIMES

Obstacles should not stop you in completing your challenges & goal. Consider these as an opportunity to prove yourself and do your best.

ADVICE FOR BUDDING ENTREPRENEURS

Never give up. Believe in yourself, build a strong workforce and create an open culture for learning, innovation and communication.

SHIKHA BHATT,
Assistant VP -
Solution Delivery Group,
Newgen Software
