

# The NDDP BENEFICIARY “Dreamers. Thinkers. Doers”

## Jigyasa (Name changed)

Jigyasa (name changed) is a class 7<sup>th</sup> student at Govt. Girls' Senior Sec. School, Tekhand and has become her mother's inspiration.

Jigyasa enjoys sharing her lessons from the NDDP sessions with her younger brother and her mother. Every so often, her mother joins her in her online NDDP sessions because she too finds them to be exciting and informative. Jigyasa was also able to teach her mother to attend the online sessions on her own using the mobile app.

A memorable NDDP session for Jigyasa was one on the Mughal Empire. She says, 'The facilitator narrated the chapter like a story. And when my teacher took the test, I was easily able to provide all the correct answers. It is a lesson I will not forget.'

Jigyasa learned how to create PPTs and actively participate in news reader activities. Her favorite part of these activities is being a quiz master. She has also developed the confidence to speak in the sessions without any fear or doubt. The NDDP session has helped Jigyasa to think independently, learn how to learn, ask questions and form an increasing sense of competence.
